Content

Allez, viens! Level 2 is the second of a three level French program that offers an integrated approach to learning. The easy-to-use format allows students to achieve success and will appeal to all types of learners. Presentation and practice of functional expressions, vocabulary, and grammar structures are interwoven with cultural information, language learning tips, and realia to facilitate both learning and teaching. Première, Deuxième, and Troisième étape are the core instructional sections where most language acquisition will take place. The communicative goals in each chapter center on the functional expressions presented in Comment dit-on...? boxes. These expressions are supported by material in the Vocabulaire, Grammaire, and Note de grammaire sections.

Activities following the above features progress from controlled to open-ended practice where students are able to express themselves in meaningful

communication. Culture is integrated into the program via the location opener.

Student Experiences

Allez, viens! encourages students to actively learn French and to understand culture. The Video Program/DVD Tutor, Interactive Tutor, and Online Editions bring the language and culture to life for students through diverse, interactive technology. In the Student Edition, each chapter is set somewhere in the French-speaking world where students see a slice of life from that location and then internalize the experience via engaging, thought-provoking activities. The Note culturelle feature in every chapter gives students insight into the culture while Rencontre culturelle asks them to compare the culture in the chapter with their own. The Panorama Culturel section introduces students to people from different countries who talk about topics related to the chapter.

Assessment

Allez, viens! offers assessment options that address different needs. All test activities are related to the chapter theme, and direction lines provide a context for each test activity. The Assessment Program consists of a set of two quizzes per chapter section, chapter tests that are skills-based and assess the material presented and practiced in the entire chapter, speaking tests for each chapter, midterm and final exams, and alternative assessment: portfolio suggestions and performance assessment. Picture sequences are available in the TPR Storytelling Book to assess the students' ability to describe and to narrate. The One-Stop Planner CD-ROM with Test Generator provides hundreds of test items for easy quiz or test customization. Throughout the Student Edition, students have multiple opportunities for test preparation, including additional grammar practice, Grammaire supplémentaire, and a four skills review, Mise en pratique, after every chapter.

Organization

Each chapter is preceded by the chapter opener, which introduces a new location and the culture of that location. Premiere, Deuxieme et Troisieme etape are the core instructional sections which feature: functional expression boxes entitled Comment dit-on...?, Vocabulaire, Grammaire, and Prononciation sections. Activities immediately following these features are designed to practice recognition or to provide close-ended practice with the new material. Activities then progress from controlled to open-ended practice where students are able to communicate. Lisons! reading sections feature authentic French documents and literature and feature reading strategies. Throughout the Student Edition, students have multiple opportunities for test preparation, including additional grammar practice, Grammaire supplémentaire, and a four skills review, Mise en pratique, after every chapter. The majority of Chapter 11 is review while Chapter 12 is a full review chapter. The consistent format of this program allows students to gain the confidence necessary to learn a new language.
